Preservation Site: 5583 Webster Church Road

WTHS is a Michigan nonprofit corporation and an IRS 501(c)3 organization. The mission of the WTHS is to bring together those people interested in the history of the area to foster community appreciation for that which shaped the character of Webster and to discover and preserve significant artifacts and information illustrative of life in Webster Township. Acknowledging that every generation bestows a life-style legacy upon succeeding generations, our primary focus is on the rescue, care, and preservation of historical accounts, buildings, and artifacts to share with future generations.

The Webster Historical Archives (WHA), managed by the WTHS, consists of donated and loaned items and material that help establish or illustrate the history of the Webster area. The WHA may be shared with the public in a manner that preserves it and keeps it safe from harm. For information about the WHA, contact us at wthsmi@gmail.com.

The WTHS as owner of Crossroads Community Center and Webster Corners Village maintains and protects them for use by the community as specified by its Board of Directors. These buildings (see photos and descriptions listed separately) and grounds are available for rent for your events. Please contact the WTHS for information (734-368-0887 or 734-994-1045).

The WTHS has meetings every other month with interesting programs, tasty refreshments, and the opportunity to share conversations with other residents of the township and people interested in the mission of the Society. We also have "Work Bees" in the spring and summer to keep up our buildings and grounds. We welcome anyone who wishes to help! To become a member of WTHS, please print and submit our membership form available on this website.
