

## November 7<sup>th</sup> is election day for Webster Township

On your ballot you will find the Webster Township Public Safety Proposal

The request is for 3.4 mills to fund Public Safety. Currently you are paying 1.9639 mills; therefore, the request would be an increase of 1.4 mills and extend the millage until 2021

The Public Safety currently pays for two Washtenaw County Sheriff's Deputies and Dexter Area Fire Department protection in Webster Township

The Public Safety millage can only be used to pay for public safety operations

Webster Township's Public Safety budget has had a declining balance the last two years due to increased costs of service

Webster Township has paid for these additional costs through reserves in the fund

The reserve in this fund is projected to be zero at the end of next fiscal year

***There will be an informational meeting on this proposal October 25, 2017 at the Township Hall at 7pm***
